Routine Walking Field Trip Permission Form 2026/2027 School Year

Dear Parents/Legal Guardians,

To help support healthy living and youth development, we love to take every opportunity to get the children "out and about" as often as possible. We would like your permission to take your child for short walks and other excursions throughout the campus. This may include walks down the side walk, to the playground, sports fields, or other areas throughout the grounds for outdoor education and exploration. We are blessed to have such beautiful outdoor space around us and we would love to share it with your child!

Routine Destination:

- In building and/or on grounds

Mode of Transportation:

- Walking

NOTE: Children WILL NOT have access to water that is 18 inches or more in depth, during these trips. No water activities will be planned.

During our excursions, we follow very strict safety procedures including proper staffing, carrying emergency contact information for each child, bringing along a first aid kit, and we always have a form of communication with us. These small walking trips may happen at random times throughout the day as weather and opportunities allow.

By signing below, you are giving us permission to include your child in these opportunities and acknowledge that we have informed you of our safety and walking field trip procedures.

CHILD'S NAME

FIRST	LAST	M.I.
AGE	DATE OF BIRTH	GENDER

I give permission for my child, named above, to participate in walking field trips and excursions throughout the year as opportunity and weather allows. I am also aware that the staff has my child's emergency contact information with them at all times.
